

# REVIEW

OF

## APPLIED MYCOLOGY

FEBRUARY

SUPPLEMENT 6

1943

- Acaulopage gomphoclada* Drechsler in *Mycologia*, xxxiv, p. 281, 1942 on amoebae in decaying leaves of *Poa pratensis*.—Maryland, U.S.A.
- lasiospora* Drechsler in *Mycologia*, xxxiv, p. 276, 1942 on amoebae in leaf mould.—Maryland, U.S.A.
- Achlya androcomposita* Abdul Hamid in *Proc. Indian Acad. Sci.*, Sect. B., xv, p. 211, 1942 from water.—India.
- \*—*californica* Harvey in *J. Elisha Mitchell sci. Soc.*, lviii, p. 31, 1942.—California, U.S.A.
- \*—*diffusa* Harvey in *J. Elisha Mitchell sci. Soc.*, lviii, p. 29, 1942.—California, U.S.A.
- \*—*heteromorpha* Harvey in *J. Elisha Mitchell sci. Soc.*, lviii, p. 32, 1942.—California, U.S.A.
- \*—*pacifica* Harvey in *J. Elisha Mitchell sci. Soc.*, lviii, p. 27, 1942.—California, U.S.A.
- \*—*pinnulata* Harvey in *J. Elisha Mitchell sci. Soc.*, lviii, p. 28, 1942.—California, U.S.A.
- \**Actinomyces ondulans* A. Sartory in *C.R. Acad. Sci.*, Paris, ccxiv, p. 504, 1942 on man [*Homo sapiens*].—France.
- Acidium moribeum* Cummins in *Mycologia*, xxxiii, p. 153, 1941 on *Cordia dichotoma*.—New Guinea.
- papuanum* Cummins in *Mycologia*, xxxiii, p. 154, 1941 on *Blumea hieracifolia*.—New Guinea.
- Agaricus subalachuanus* Murrill in *Lloydia*, v, p. 151, 1942.—Florida, U.S.A.
- subarvensis* Murrill in *Lloydia*, v, p. 151, 1942.—Florida, U.S.A.
- subfloridanus* Murrill in *Lloydia*, v, p. 151, 1942.—Florida, U.S.A.
- suboreades* Murrill in *Lloydia*, v, p. 152, 1942.—Florida, U.S.A.
- Agrocybe amara* (Murr.) Singer in *Lloydia*, v, p. 134, 1942. (Syn. *Naucoria amara* Murr.).
- \**Alternaria zinniae* Pape in *Angew. Bot.*, xxiv, p. 69, 1942 on *Zinnia elegans*.—Europe, North America.
- Amphisphaeria fusispora* Seaver & Waterston in *Mycologia*, xxxiv, p. 519, 1942 on *Juniperus bermudiana*.—Bermuda.
- Aphanomyces amphigynus* Cutter in *Mycologia*, xxxiii, p. 227, 1941 on exuviae of aquatic insects.—Denmark.
- \*—*balboensis* Harvey in *J. Elisha Mitchell sci. Soc.*, lviii, p. 35, 1942.—California, U.S.A.
- sparrowii* Cutter in *Mycologia*, xxxiii, p. 231, 1941 on *Nitella*.—New York State, U.S.A.
- Aphysa lebeckiae* (Verw. & Dipp.) Doidge [comb. nov.?] in *Bothalia*, iv, p. 460, 1942. (Syn. *Coccochora lebeckiae* Verwoerd & Dippenaar).
- Araiospora streptandra* Kevorkian var. *echinulosphaera* Shanor & Olive in *Mycologia*, xxxiv, p. 540, 1942 on dead *Betula lenta*.—North Carolina, U.S.A.
- Armillariella compressipes* (Murr.) Singer in *Lloydia*, v, p. 103, 1942. (Syn. *Clitocybe compressipes* Murr.).
- ASCOCONIDIUM** Seaver in *Mycologia*, xxxiv, p. 414, 1942.—Fungi imperfecti.
- castanea* Seaver in *Mycologia*, xxxiv, p. 414, 1942 on *Castanea dentata*.—Pennsylvania, U.S.A.
- Asterina africana* (van der Byl) Doidge in *Bothalia*, iv, p. 310, 1942. (Syn. *Parasterina africana* van der Byl).
- africana* (van der Byl) Doidge var. *kiggelariae* Doidge in *Bothalia*, iv, p. 333, 1942 on *Kiggelaria africana*.—South Africa.
- bosmanae* Doidge in *Bothalia*, iv, p. 333, 1942 on *Chrysophyllum magaliesmontanum*.—South Africa.
- bottomleyae* in *Bothalia*, iv, p. 333, 1942 on *Ilex mitis*.—South Africa.
- capparidicola* Doidge in *Bothalia*, iv, p. 333, 1942 on *Capparis zeyheri*.—South Africa.
- diplocarpa* Cooke var. *hibisci* Doidge in *Bothalia*, iv, p. 334, 1942 on *Hibiscus pedunculatus*.—South Africa.
- dissiliens* (Syd.) Doidge in *Bothalia*, iv, p. 287, 1942. (Syn. *Asterinella dissiliens* Syd.).
- dissiliens* (Syd.) Doidge var. *senegalensis* Doidge in *Bothalia*, iv, p. 334, 1942 on *Gymnosporia senegalensis*.—South Africa.
- elegans* Doidge in *Bothalia*, iv, p. 334, 1942 on *Capparis citrifolia*.—South Africa.
- fleuryae* Doidge in *Bothalia*, iv, p. 334, 1942 on *Fleurya* sp.—South Africa.
- grewiae* Cooke var. *zonata* Doidge in *Bothalia*, iv, p. 335, 1942 on *Trimeria triner-vis*.—South Africa.
- inconspicua* (Doidge) Doidge in *Bothalia*, iv, p. 287, 1942. (Syn. *Asteromyza inconspicua* Doidge).
- knysnae* Doidge in *Bothalia*, iv, p. 335, 1942 on *Canthium ciliatum*.—South Africa.
- natalitia* Doidge in *Bothalia*, iv, p. 335, 1942 on *Eugenia natalitia*.—South Africa.
- nodosa* Doidge in *Bothalia*, iv, p. 335, 1942 on *Ilex mitis*.—South Africa.
- oncinotidis* Doidge nom. nov. in *Bothalia*, iv, p. 282, 1942. (Syn. *Parasterina rigida* Doidge, non *Asterina rigida* Doidge).

- *oxyanthi* Doidge nom. nov. in *Bothalia*, iv, p. 284, 1942. (Syn. *Parasterina laza* Doidge, non *Asterina laza* Wint.).
- *rinoreae* Doidge in *Bothalia*, iv, p. 335, 1942 on *Rinorea natalensis*.—South Africa.
- *sanliculae* Doidge in *Bothalia*, iv, p. 336, 1942 on *Sanicula europaea*.—South Africa.
- *syzygii* Doidge in *Bothalia*, iv, p. 336, 1942 on *Syzygium gerrardi*.—South Africa.
- *trichocladi* Doidge in *Bothalia*, iv, p. 336, 1942 on *Trichocladius crinitus*.—South Africa.
- *vepridis* Doidge in *Bothalia*, iv, p. 337, 1942 on *Vepris lanceolata*.—South Africa.
- *woodiana* (Doidge) Doidge in *Bothalia*, iv, p. 297, 1942. (Syn. *Asterinella woodiana* Doidge).
- *woodii* Doidge in *Bothalia*, iv, p. 337, 1942 on *Capparis guinezi*.—South Africa.
- *xumenensis* Doidge in *Bothalia*, iv, p. 337, 1942 on *Lobelia stellaroides*.—South Africa.
- *zeyheri* Doidge in *Bothalia*, iv, p. 337, 1942 on *Eugenia zeyheri*.—South Africa.
- Asterinella tecleae* Doidge in *Bothalia*, iv, p. 338, 1942 on *Teclea natalensis*.—South Africa.
- Asterolibertia burchelliae* (Doidge) Doidge in *Bothalia*, iv, p. 315, 1942. (Syn. *Asterinella burchelliae* Doidge).
- *megathyria* (Doidge) Doidge in *Bothalia*, iv, p. 314, 1942. (Syn. *Asterina gibbosa* Gaill. var. *megathyria* Doidge).
- *megathyria* Doidge var. *randiae* Doidge in *Bothalia*, iv, p. 338, 1942 on *Randia dumetorum*.—South Africa.
- Asterostomella eugenicola* Doidge in *Bothalia*, iv, p. 338, 1942 on *Eugenia natalitia*.—South Africa.
- *visci* Doidge in *Bothalia*, iv, p. 338, 1942 on *Viscum obscurum*.—South Africa.
- Atylospora atomacea* Murrill in *Lloydia*, v, p. 152, 1942 on a rotten sweet-gum log.—Florida, U.S.A.
- *subvestita* Murrill in *Lloydia*, v, p. 153, 1942.—Florida, U.S.A.
- *weberi* Murrill in *Lloydia*, v, p. 153, 1942.—Florida, U.S.A.
- Burrillia anomala* Crowell in *Canad. J. Res.*, Sect. C, xx, p. 327, 1942 on *Sparganium diversifolium* var. *acaule*.—Ontario, Canada.
- Caliciopsis clavata* (Lév.) Fitzpatrick in *Mycologia*, xxxiv, p. 503, 1942. (Syn. *Sphaeronomia clavatum* Lév.).
- *nigra* (Schrader ex Fries) Fitzpatrick in *Mycologia*, xxxiv, p. 501, 1942. (Syn. *Stilbum nigrum* Schrader).
- *pseudotsugae* Fitzpatrick in *Mycologia*, xxxiv, p. 496, 1942 on *Pseudotsuga taxifolia*.—British Columbia, Canada.
- *symploci* Fitzpatrick in *Mycologia*, xxxiv, p. 511, 1942 on *Symplocos obtusa*.—Ceylon.
- Calocybe fallax* (Peck) Singer in *Lloydia*, v, p. 119, 1942. (Syn. *Agaricus* (*Tricholoma*) *fallax* Peck).
- Calodon alboniger* (Peck) Seeler in *Rhodora*, xlv, p. 168, 1942. (Syn. *Hydnum albonigrum* Peck).
- Calopeltis jasmini* Doidge in *Bothalia*, iv, p. 339, 1942 on *Jasminum streptopus*.—South Africa.
- Camarophyllus fulvosiformis* Murrill in *Lloydia*, v, p. 136, 1942.—Florida, U.S.A.
- *niveicolor* (Murr.) Singer in *Lloydia*, v, p. 99, 1942. (Syn. *Clitocybe niveicolor* Murr.).
- Campanularius pumilus* Murrill in *Lloydia*, v, p. 154, 1942.—Florida, U.S.A.
- *westii* Murrill in *Lloydia*, v, p. 154, 1942.—Florida, U.S.A.
- Cantharellula ectypoides* (Peck) Singer in *Lloydia*, v, p. 120, 1942. (Syn. *Clitocybe ectypoides* (Peck) Sacc.).
- *oregonensis* (Murr.) Singer in *Lloydia*, v, p. 120, 1942. (Syn. *Clitocybe oregonensis* Murr.).
- Cercospora cercidis* Ray in *Mycologia*, xxxiii, p. 175, 1941 on *Cercis canadensis*.—Oklahoma, U.S.A.
- *cocculicola* Ray in *Mycologia*, xxxiv, p. 558, 1942 on *Cocculus carolinus*.—Oklahoma, U.S.A.
- *coreopsidis* Ray in *Mycologia*, xxxiii, p. 174, 1941 on *Coreopsis grandiflora*.—Oklahoma, U.S.A.
- *corylina* Ray in *Mycologia*, xxxiv, p. 560, 1942 on *Corylus rostrata*.—Oklahoma, U.S.A.
- *kolkwitziae* Ray in *Mycologia*, xxxiv, p. 559, 1942 on *Kolkwitzia amabilis*.—Oklahoma, U.S.A.
- *physocarpis* Ray in *Mycologia*, xxxiv, p. 560, 1942 on *Physocarpus bracteatus*.—Oklahoma, U.S.A.
- *psoraleae* Ray in *Mycologia*, xxxiii, p. 176, 1941 on *Psoralea digitata*.—Oklahoma, U.S.A.
- *viburnicola* Ray in *Mycologia*, xxxiii, p. 174, 1941 on *Viburnum opulus*.—Oklahoma, U.S.A.
- Cercospora poagena* R. Sprague in *Phytopathology*, xxxii, p. 738, 1942 on *Poa pratensis*.—Oregon, U.S.A.
- Cerotelium morobeanum* Cummins in *Mycologia*, xxxiii, p. 145, 1941 on *Derris*.—New Guinea.
- Clitocybe avellanea* (Murr.) Singer in *Lloydia*, v, p. 104, 1942. (Syn. *Melanoleuca avellanea* Murr.).
- *azalearum* Murrill in *Lloydia*, v, p. 137, 1942.—Florida, U.S.A.
- *griseopallida* (Desmaz.) Singer in *Lloydia*, v, p. 108, 1942. (Syn. *Agaricus griseopallidus* Desmaz.).
- *jalapensis* (Murr.) Singer in *Lloydia*, v, p. 107, 1942. (Syn. *Omphalia jalapensis* Murr.).
- *langei* Singer nom. nov. in *Lloydia*, v, p. 107, 1942. (Syn. *Clitocybe vibecina* sensu Ricken & Lange, non Fr.).
- *lata* (Peck) Singer in *Lloydia*, v, p. 104, 1942. (Syn. *Tricholoma latum* Peck).
- *lilacifolia* (Peck) Singer in *Lloydia*, v, p. 105, 1942. (Syn. *Omphalia lilacifolia* Peck).
- *praticola* Murrill in *Lloydia*, v, p. 136, 1942.—Florida, U.S.A.
- Clitopilus floridanus* (Murr.) Murrill in *Lloydia*, v, p. 157, 1942. (Syn. *Pleuropus floridanus* Murr.).
- *minimus* (Murr.) Murrill in *Lloydia*, v, p. 157, 1942. (Syn. *Pleuropus minimus* Murr.).
- *nyssicola* (Murr.) Murrill in *Lloydia*, v, p. 157, 1942. (Syn. *Pleuropus nyssicola* Murr.).
- Clypeolella psychotriae* (Doidge) Doidge in *Bothalia*, iv, p. 313, 1942. (Syn. *Calothyrium psychotriae* Doidge).
- *rhamnocola* (Doidge) Doidge in *Bothalia*, iv, p. 314, 1942. (Syn. *Asterina rhamnocola* Doidge).
- Coccomyces quercinus* (Desm.) Terrier in *Essai sur la systématique des Phacidiaeeae*

- (Fr.) sensu Nannfeldt (1932), Thèse, École polytech. féd. Zurich, p. 39, 1942. (Syn. *Phacidium quercinum* Desmazières).
- Coccosporium unedonis** De Not. var. **megasporium** S. Camara & G. Luz in *Agron. lusit.*, iii, p. 46, 1941 on *Arbutus unedo*.—Portugal.
- Cochlonema bactrosporium** Drechsler var. **longius** Drechsler var. nov. in *Mycologia*, xxxiv, p. 293, 1942 destroying *Heleopera sylvatica* in leaf mold.—Wisconsin, U.S.A.
- euryblastum** Drechsler in *Mycologia*, xxxiv, p. 287, 1942 on amoebae in decaying leaves of *Poa pratensis*.—Virginia, U.S.A.
- Coleroa claviseta** (Doidge) Hansford in *Arg. Inst. Biol.*, S. Paulo, xii, p. 240, 1941. (Syn. *Dimeriella claviseta* Doidge).
- cordicola** (P. Henn.) Hansford in *Arg. Inst. Biol.*, S. Paulo, xii, p. 240, 1941. (Syn. *Dimeriella cordicola* P. Henn.).
- Collybia atriceps** (Murr.) Murrill in *Lloydia*, v, p. 156, 1942. (Syn. *Gymnopus atriceps* Murr.).
- collybiiformis** (Murr.) Singer in *Lloydia*, v, p. 124, 1942. (Syn. *Melanoleuca collybiiformis* Murr.).
- coniceps** (Murr.) Murrill in *Lloydia*, v, p. 157, 1942. (Syn. *Gymnopus coniceps* Murr.).
- gibberosa** Schäffer in *Ann. mycol.*, Berl., xl, p. 150, 1942.—Germany.
- leucocephaloides** (Peck) Singer in *Lloydia*, v, p. 124, 1942. (Syn. *Tricholoma leucocephaloides* Peck).
- pinicola** (Murr.) Singer in *Lloydia*, v, p. 124, 1942. (Syn. *Melanoleuca pinicola* Murr.).
- Coprinus alachuanus** Murrill in *Lloydia*, v, p. 154, 1942.—Florida, U.S.A.
- Cortinarium albiceps** Murrill in *Lloydia*, v, p. 146, 1942.—Florida, U.S.A.
- davisii** Murrill in *Lloydia*, v, p. 146, 1942.—Florida, U.S.A.
- flammuliformis** Murrill in *Lloydia*, v, p. 147, 1942.—Florida, U.S.A.
- straminipes** Murrill in *Lloydia*, v, p. 147, 1942.—Florida, U.S.A.
- Cortinellus azalearum** Murrill in *Lloydia*, v, p. 137, 1942.—Florida, U.S.A.
- CORYNELIOSPORA** Fitzpatrick in *Mycologia*, xxxiv, p. 485, 1942.—Coryneliaceae.
- fruticola** (Pat.) Fitzpatrick in *Mycologia*, xxxiv, p. 485, 1942. (Syn. *Capnodium fruticolum* Pat.).
- Grozalsiella argentina** Hirschhorn in *Notas Mus. La Plata Bot.* V, no. 30, p. 236, 1941 on *Panicum demissum*.—Argentina.
- GYSTOGOMPHUS** Singer in *Ann. mycol.*, Berl., xl, p. 51, 1942.—Agaricales.
- humblotii** Singer nom. nov. in *Ann. mycol.*, Berl., xl, p. 51, 1942. (Syn. *Gomphidius tomentosus* Humbl., non Murr.).
- Cydia habgallae** (Berk. & Br.) G. W. Martin in *Lloydia*, v, p. 160, 1942. (Syn. *Corticium habgallae* Berk. & Br.).
- Cytospora cypri** Défago 'nov. comb.' in *Phytopath.* Z., xiv, p. 120, 1942. Imperfect stage of *Valsa cypri* Tul.
- pruinosa** Défago 'nec Sacc.' in *Phytopath.* Z., xiv, p. 125, 1942. [A homonym of *C. pruinosa* Sacc.].
- Cyttaria hookeri** Berk. f. **candida** Marchionatto in *Darwiniana*, iv, p. 27, 1940 on *Nothofagus betuloides*.—Argentina.
- hookeri** Berk. f. **moroidea** Marchionatto in *Darwiniana*, iv, p. 27, 1940 on *Nothofagus dombeii*.—Argentina.
- hookeri** Berk. f. **typica** Marchionatto in *Darwiniana*, iv, p. 27, 1940 on *Nothofagus antarctica*.—Argentina.
- Daleomyces phillipsii** (Massee) Seaver, *The North American Cup-Fungi (Operculates)*. Supplement, p. 337, 1942. (Syn. *Gyromitra phillipsii* Massee).
- Dendrogaster elasmomycetoides** Zeller in *Mycologia*, xxxiii, p. 109, 1941.—California, U.S.A.
- \***Diaporthe vexans** Gratz (as (Sacc. & Syd.) Gratz) in *Phytopathology*, xxxii, p. 542, 1942. In culture from *Solanum melongena* var. *esculentum*.—Florida, U.S.A.
- Drosophila alachuana** Murrill in *Lloydia*, v, p. 155, 1942.—Florida, U.S.A.
- Echidnodes acokantherae** (Doidge) Doidge in *Bothalia*, iv, p. 322, 1942. (Syn. *Asterinella acokantherae* Doidge).
- africana** (Doidge) Doidge in *Bothalia*, iv, p. 324, 1942. (Syn. *Morenoia africana* Doidge).
- hypolepidis** (Doidge) Doidge in *Bothalia*, iv, p. 324, 1942. (Syn. *Echidnodella hypolepidis* Doidge).
- lembosioides** (Doidge) Doidge in *Bothalia*, iv, p. 321, 1942. (Syn. *Asterinella lembosioides* Doidge).
- natalensis** (Doidge) Doidge in *Bothalia*, iv, p. 323, 1942. (Syn. *Lembosia natalensis* Doidge).
- ELAEOMYXA** Hagelstein in *Mycologia*, xxxiv, p. 593, 1942.—Myxomycetes.
- cerifera** (G. Lister) Hagelstein in *Mycologia*, xxxiv, p. 593, 1942. (Syn. *Diachea cerifera* G. Lister).
- miyazakiensis** (Emoto) Hagelstein in *Mycologia*, xxxiv, p. 593, 1942. (Syn. *Diachea miyazakiensis* Emoto).
- Elsinoe hansfordii** Jenkins & Bitancourt in *Mycologia*, xxxiv, p. 320, 1942 on *Scutia myrtina*.—Uganda.
- parthenocissi** Jenkins & Bitancourt in *Phytopathology*, xxxii, p. 424, 1942 on *Parthenocissus quinquefolia*.—New Hampshire, U.S.A.
- Endogone rosea** Zeller in *Mycologia*, xxxiii, p. 214, 1941.—Oregon, U.S.A.
- Endoxylina arundinis** S. Camara & G. Luz in *Agron. lusit.*, iii, p. 26, 1941 on *Arundo donax*.—Portugal.
- \***ENGLERULELLA** Hansford in *Arg. Inst. Biol.*, S. Paulo, xii, p. 238, 1941.—Perisporiaceae.
- \*—**davillae** Hansford in *Arg. Inst. Biol.*, S. Paulo, xii, p. 238, 1941 on *Davilla rugosa*.—Brazil.
- Entyloma peninsulae** Crowell in *Canad. J. Res.*, Sect. C, xx, p. 328, 1942 on *Zizania aquatica*.—Nova Scotia, Canada.
- Eriomycopsis africana** Hansford in *Bothalia*, iv, p. 466, 1942 on *Asterina*.—Uganda.
- angustispora** Hansford in *Bothalia*, iv, p. 466, 1942 on *Hysterostomella tetracerae*.—Uganda.
- asterinae** Hansford in *Bothalia*, iv, p. 466, 1942 on *Asterina diplocarpa*.—Uganda.
- bosquiae** Hansford in *Bothalia*, iv, p. 466, 1942 on *Meliola soroceae*.—Uganda.
- chorleyi** Hansford in *Bothalia*, iv, p. 468, 1942 on *Meliola chorleyi*.—Uganda.
- flagellata** Hansford in *Bothalia*, iv, p. 465, 1942 on *Irenina*.—Uganda.
- hamata** Hansford in *Bothalia*, iv, p. 465, 1942 on *Meliola*.—Uganda.

- *meliolae* Hansford in *Bothalia*, iv, p. 468, 1942 on *Meliola teclaeae*.—Uganda.
- *minima* Hansford in *Bothalia*, iv, p. 465, 1942 on *Irenina glabra*.—Uganda.
- *robusta* Hansford in *Bothalia*, iv, p. 468, 1942 on *Meliola*.—Uganda.
- *schiffnerulae* Hansford in *Bothalia*, iv, p. 467, 1942 on *Schiffnerula mirabilis*.—Uganda.
- *sclerochitonis* Hansford in *Bothalia*, iv, p. 466, 1942 on *Meliola sclerochitonis*.—Uganda.
- *trichiliae* Hansford in *Bothalia*, iv, p. 467, 1942 on *Asterina*.—Uganda.
- *ugandae* Hansford in *Bothalia*, iv, p. 467, 1942 on *Schiffnerula brideliae*.—Uganda.
- Fayodia abundans** (Peck) Singer in *Lloydia*, v, p. 126, 1942. (Syn. *Collybia abundans* (Peck) Sacc.).
- *atrialba* (Murr.) Singer in *Lloydia*, v, p. 127, 1942. (Syn. *Clitocybe atrialba* Murr.).
- Ferrarisia jasmini** Doidge in *Bothalia*, iv, p. 339, 1942 on *Jasminum angulare*.—South Africa.
- Galerula canalipes** (Murr.) Murrill in *Lloydia*, v, p. 156, 1942. (Syn. *Galerula canalipes* Murr.).
- *crispella* (Murr.) Murrill in *Lloydia*, v, p. 156, 1942. (Syn. *Galerula crispella* Murr.).
- *fuscimarginata* (Murr.) Murrill in *Lloydia*, v, p. 156, 1942. (Syn. *Galerula fuscimarginata* Murr.).
- *subcrispa* (Murr.) Murrill in *Lloydia*, v, p. 156, 1942. (Syn. *Galerula subcrispa* Murr.).
- Galerula canalipes** Murrill in *Lloydia*, v, p. 147, 1942.—Florida, U.S.A.
- *crispella* Murrill in *Lloydia*, v, p. 148, 1942.—Florida, U.S.A.
- *fuscimarginata* Murrill in *Lloydia*, v, p. 148, 1942.—Florida, U.S.A.
- *subcrispa* Murrill in *Lloydia*, v, p. 148, 1942.—Florida, U.S.A.
- Geaster limbatas** Fries var. *pacificus* E. E. Morse in *Mycologia*, xxxiii, p. 139, 1941.—California, U.S.A.
- Gymnopus atriceps** Murrill in *Lloydia*, v, p. 137, 1942.—Florida, U.S.A.
- *coniceps* Murrill in *Lloydia*, v, p. 138, 1942.—Florida, U.S.A.
- HAMIDIA** Chaudhuri in *Proc. Indian Acad. Sci.*, Sect. B., xv, p. 227, 1942.—Saprolegniaceae.

## HOST INDEX

For Angiosperms and Gymnosperms see under families, for Algae see under Algae, for Fungi see under Fungi, for animal hosts see under Insecta, Invertebrata other than Insecta, and Vertebrata.

- ALGAE**  
*Nitella*  
*Aphanomyces sparrowii*
- AMARANTACEAE**  
*Deeringia*  
*Puccinia eluta*
- APOCYNACEAE**  
*Tabernaemontana*  
*Puccinia morobensis*
- AQUIFOLIACEAE**  
*Ilex mitis*  
*Asterina bottomleyae*  
*Asterina nodosa*
- BALSAMINACEAE**  
*Impatiens*  
*Uredo wantaotensis*
- BETULACEAE**  
*Betula lenta*  
*Araiospora streptandra* var. *echinulosphaera*  
*Corylus rostrata*  
*Cercospora corylina*
- BORAGINACEAE**  
*Cordia dichotoma*  
*Aecidium morobeanum*
- BURSERACEAE**  
*Canarium*  
*Skierka clemensiae*
- CAMPANULACEAE**  
*Lobelia stellarioides*  
*Asterina xumenensis*
- CAPPARIDACEAE**  
*Capparis citrifolia*  
*Asterina elegans*  
*Capparis gueinzii*  
*Asterina woodii*  
*Capparis zeyheri*  
*Asterina capparidicola*
- CAPRIFOLIACEAE**  
*Kolkwitzia amabilis*  
*Cercospora kolkwitziae*  
*Viburnum opulus*  
*Cercospora viburnicola*  
*Viburnum tinum*  
*Ostropa cinerea* f. *dolichospora*
- CARYOPHYLLACEAE**  
*Silene portensis*  
*Puccinia silenicola*  
*Spergularia longipes*  
*Puccinia spergulae* f. *longipes*
- CELASTRACEAE**  
*Gymnosporia senegalensis*  
*Asterina dissiliens* var. *senegalensis*
- COMBRETACEAE**  
*Conocarpus erectus*  
*Helotium conocarpi*
- COMPOSITAE**  
*Blumea hieracifolia*  
*Aecidium papuanum*  
*Carthamus coerules*  
*Puccinia carthami* f. *longipes*  
*Chrysanthemum coronarium*  
*Puccinia chrysanthemicola*

## COMPOSITAE (continued)

- Cichorium intybus*  
*Puccinia cichorii* f. *longipes*  
*Coreopsis grandiflora*  
*Cercospora coreopsidis*  
*Piptocarpa axillaris*  
*Lizonia piptocarphae*  
*Zinnia elegans*  
*Alternaria zinniae*

## CRUCIFERAE

- Brassica campestris*  
*Typhula japonica*

## CYPERACEAE

- Cyperus rotundus*  
*Ustilago chacoensis*  
*Scirpus ternatanus*  
*Puccinia scirpi-ternatani*

## DILLENIACEAE

- Davilla rugosa*  
*Englerulella davillae*

## DIOSCOREACEAE

- Dioscorea*  
*Uredo hiulca*

## ERICACEAE

- Arbutus unedo*  
*Coccosporium unedonis* var. *megasporium*  
*Rhododendron maximum*  
*Pestalotia rhododendri*

## EUPHORBIACEAE

- Euphorbia heterophylla*  
*Tilletia euphorbiae*  
*Euphorbia pulcherrima* var. *plenissima*  
*Sphaceloma poinsettiae*

## FAGACEAE

- Castanea dentata*  
*Ascoconidium castaneae*  
*Fagus*  
*Poria aestivalis*  
*Poria magnahypha*  
*Nothofagus antarctica*  
*Cyttaria hookeri* f. *typica*  
*Nothofagus betuloides*  
*Cyttaria hookeri* f. *candida*  
*Nothofagus dombeyi*  
*Cyttaria hookeri* f. *moroides*  
*Quercus laurifolia*  
*Rigidoporus surinamensis* var. *subaubermanus*

## FLACOURTIACEAE

- Kiggelaria africana*  
*Asterina africana*  
*Rawsonia lucida*  
*Lembosina rawsoniae*  
*Trimeria trinervis*  
*Asterina greviae* var. *zonata*

## FUNGI

- Achlya flagellata*  
*Rozella achlyae*  
*Asterina*  
*Eriomycopsis africana*  
*Eriomycopsis trichiliae*  
*Asterina diplocarpa*  
*Eriomycopsis asterinae*  
*Cercospora capsici*  
*Rhinotrichum griseo-roseum*  
*Corticium microsporum*  
*Helicogonium jacksonii*  
*Hysterostomella tetracerae*  
*Eriomycopsis angustispora*

## FUNGI (continued)

- Irenina*  
*Eriomycopsis flagellata*  
*Irenina glabra*  
*Eriomycopsis minima*  
*Meliola*  
*Eriomycopsis hamata*  
*Eriomycopsis robusta*  
*Meliola chorleyi*  
*Eriomycopsis chorleyi*  
*Meliola sclerochitonis*  
*Eriomycopsis sclerochitonis*  
*Meliola sorocaeae*  
*Eriomycopsis bosquiaeae*  
*Meliola teclaeae*  
*Eriomycopsis meliolae*  
*Pythium*  
*Olpidiopsis brevispinosa*  
*Olpidiopsis curvispinosa*  
*Solutoparies pythii*  
*Rhizopodium macrosporum*  
*Septosperma rhizophidii*  
*Schiffnerula brideliae*  
*Eriomycopsis ugandae*  
*Schiffnerula mirabilis*  
*Eriomycopsis schiffnerulae*

## GRAMINEAE

- Arundinella ecklonii*  
*Phyllachora arundinellae*  
*Arundo donax*  
*Endoxyzilina arundinis*  
*Digitaria brazzae*  
*Phyllachora digitaricola*  
*Elyonurus glaber* var. *villosus*  
*Phyllachora elyonuri*  
*Eragrostis curvula*  
*Phyllachora eragrostidis*  
*Eragrostis superba*  
*Phyllachora superba*  
*Ischaemum arcuatum*  
*Phyllachora bottomleyae*  
*Lepturus repens*  
*Puccinia lepturi*  
*Loudetia simplex*  
*Phyllachora loudetiae*  
*Microstegium nudum*  
*Uredo ogaoensis*  
*Miscanthidium sorghum*  
*Phyllachora miscanthidii*  
*Panicum demissum*  
*Crozalsiella argentina*  
*Perotis indica*  
*Phyllachora perotidis*  
*Poa pratensis*  
*Cercospora poagena*  
*Schizachyrium semiberbe*  
*Phyllachora schizachyrii*  
*Setaria flabellata*  
*Phyllachora transvaalensis*  
*Setaria palmifolia*  
*Uredo palmifoliae*  
*Sorghastrum elliottii*  
*Sphacelotheca sorghastri*  
*Sporobolus pyramidalis*  
*Phyllachora morganae*  
*Themeda triandra*  
*Uredo themedicola*  
*Triticum*  
*Tilletia intermedia*  
*Tilletia triticoides*  
*Zizania aquatica*  
*Entyloma peninsulae*

## HAMAMELIDACEAE

- Trichocladus crinitus*  
*Asterina trichocladi*

## INSECTA

- Tipula triplex coleii*  
*Massospora tipulae*

## INVERTEBRATA (other than Insecta)

- Amoebae  
*Acaulopage gomphoclada*  
*Acaulopage lasiospora*  
*Cochlonema euryblastum*  
*Heleopera sylvatica*  
*Cochlonema bactrosporium* var. *longius*

## IRIDACEAE

- Gladiolus*  
*Papulaspora appendicularis*  
*Papulaspora dodgei*

## LEGUMINOSAE

- Acacia gerrardi*  
*Phyllachora halsei*  
*Cercis canadensis*  
*Cercospora cercidis*  
*Derris*  
*Cerotelium morobeanum*  
*Psoralea digitata*  
*Cercospora psoraleae*  
*Trifolium incarnatum*  
*Pleosphaerulina briosiana* var. *macrospora*

## LORANTHACEAE

- Viscum obscurum*  
*Asterostomella visci*

## LYTHRACEAE

- Lawsonia alba*  
*Pestalotia lawsoniae*

## MALVACEAE

- Hibiscus pedunculatus*  
*Asterina diplocarpa* var. *hibisci*

## MENISPERMACEAE

- Cocculus carolinus*  
*Cercospora cocculicola*

## MORACEAE

- Ficus pretoriae*  
*Phyllachora pretoriae*

## MUSACEAE

- Musa*  
*Uredo musae*

## MYRTACEAE

- Eugenia capensis*  
*Phyllachora woodiana*  
*Eugenia natalitia*  
*Asterina natalitia*  
*Asterostomella eugenicola*  
*Eugenia zeyheri*  
*Asterina zeyheri*  
*Syzygium gerrardi*  
*Asterina syzygii*

## OCHNACEAE

- Ochna pulchra*  
*Ophiodothella liebenbergii*

## OLEACEAE

- Jasminum angulare*  
*Ferrarisia jasmini*  
*Jasminum fruticans*  
*Kalmusia jasmini*  
*Jasminum streptopus*  
*Calopeltis jasmini*

## PALMAE

- Calamus*  
*Pestalotia taslimiana*  
*Phoenix dactylifera*  
*Pichia chodati* var. *fermentans*  
*Torulopsis dactylifera*  
*Sabal palmetto*  
*Laschia sabalensis*

## PINACEAE

- Juniperus bermudiana*  
*Amphisphaeria fusispora*  
*Podocarpus lambertii*  
*Tripospora macrospora*  
*Pseudotsuga taxifolia*  
*Caliciopsis pseudotsugae*

## PIPERACEAE

- Piper nigrum*  
*Pestalotia pipericola*

## PLATANACEAE

- Platanus*  
*Stigmima polymorpha*  
*Platanus occidentalis*  
*Mycosphaerella polymorpha*

## POLYGONACEAE

- Ampelgynum umbellatum*  
*Puccinia benokiyamensis*  
*Polygonum pennsylvanicum*  
*Melanopsichium pennsylvanicum*

## RHAMNACEAE

- Scutia myrtina*  
*Elsinoe hansfordii*

## ROSACEAE

- Physocarpus bracteatus*  
*Cercospora physocarpis*  
*Rubus lasiocarpus*  
*Phragmotelium mysorensense*

## RUBIACEAE

- Canthium ciliatum*  
*Asterina knysnae*  
*Chomelia asiatica*  
*Puccinia chomeliae*  
*Randia dumetorum*  
*Asterolibertia megathyria*

## RUTACEAE

- Citrus grandis*  
*Pestalotia citri*  
*Teclea natalensis*  
*Asterinella tecleae*  
*Lembosia wageri*  
*Vepris lanceolata*  
*Asterina vepridis*

## SAPOTACEAE

- Chrysophyllum magaliesmontanum*  
*Asterina bosmanae*

## SPARGANIACEAE

- Sparganium diversifolium* var. *acaulis*  
*Burrillia anomala*

## STERCULIACEAE

- Dombeya burgessiae*  
*Phyllachora burgessiae*

## SYMPLOCACEAE

- Symplocos obtusa*  
*Caliciopsis symploci*

## UMBELLIFERAE

- Sanicula europaea*  
*Asterina saniculae*

## URTICACEAE

- Fleurya*  
*Asterina fleuryae*

## VERTEBRATA

Homo sapiens

*Malassezia ochoterenai**Trichophyton tonsurans* var. *closterosporum*

## VIOLACEAE

Rinorea natalensis

*Asterina rinoreae*

## VITACEAE

*Parthenocissus quinquefolia**Elsinoe parthenocissi*

## ZINGIBERACEAE

*Zingiber officinale**Phyllosticta zingiberi*
